

This Week's Guest Writer

Ned Button came to live in Alpine in March, 1951. He's been very active in the Alpine Community church and for many years taught Sunday school to older boys. He's a devotee of the harmonica and played in the band of the YMCA in San Diego, which gave half hour performances over KFSD several years ago. Mr. Button has made several attempts to form a harmonica band in Alpine. In college he majored in Latin, and does a little painting and writing.

This is an Easter letter to a friend who sent him some Easter eggs:

"I wish to eggstend my thanks to you, Egbert, for the eggspensive Easter lay you left eggspressly for me; it will certainly egg me on to eggstra eggsertion in eggsecution to an eggstradordinary eggstent.

Your very kind eggspression of friendship eggssisting between us is appreciated and eggscites eggstremely friendly relations which should never be eggstinguished nor prove eggasperating, eggstotic, or eggssacting.

After eggspending some time eggssamining the contents of the box and eggssibiting the eggs to the family, I eggstracted the eggs and enjoyed the eggshilarating freshness eggseedingly, and can say without eggssagerating that the eggs eggscited eggssceptional eggssclamations of eggssuberant eggsspostulations.

The eggssperiment of eating eggs raw is not a new eggssperience for me. As I do not wish to eggssert myself by eggsspending eggssquisite language eggssstrolling the eggsscellence of the eggs, I desire to eggsstricate myself from eggssculpation by eggsscluding eggsscess from this eggsscerpt.

Of course you know, Egbert, that I had to eggsssect the shells to eggsspediate the eggsstracting of the eggs, being careful to eggsspurate any eggssstraneous matter from the eggssterior that would eggssterminate the flavor.

I eggsshort you to follow my eggssample and eggsspend yourself by needless eggsspectation of eggsspelling my thoughts as I eggsspatiate on the merits of these eggs, for I have not eggsshausted this eggssensive subject, though being eggsscentric and wishing to eggsspiate any faults in this by eggsspunging all eggsspletives, I may have eggssorbitated at times eggsscrutiatingly but I trust that you, according to the eggssigencies of the case, will eggssuce as far as eggsspedient, this eggssstemporaneous, eggsspressive eggssposition eggssuding from the pen of your eggssperienced friend in this eggsspeditious, eggssounded, eggssceptionally, eggssplicit, eggsspanded, eggssplanatory, eggssemplary, eggsshaustive eggssgenesis.

Yours,
Ned Button"
